Hi Carla,

As we discussed on the call, EPA would like to hold a public meeting for the residents of Zone 3 in Riley Park, similar to what will be held for the Zone 1 residents tomorrow. EPA would like to hold that meeting on the week of September 19, preferably on Tuesday (9/20) or Thursday (9/22) from 6:30 to 8:30 pm. If you could approve such a meeting with the appropriate people in the City, and then reply to the people cc'd on this email, it would be greatly appreciated. As we also discussed, I believe we would like to have access to the park for additional future meetings as well. Thanks!

Best,

Leo
